The Remuneration Report of the Company for the financial year ended 30 June 2010 is set out in the Directors' Report (which accompanies the Annual Financial Report) in the section entitled 'Remuneration of Directors and Officers' ('Remuneration Report').

In compliance with section 300A of the Corporations Act, the Remuneration Report sets out the Company's policy for determining the nature and amount of remuneration for the Directors and specified executive officers of the Company. The Board has a policy of ensuring that remuneration paid to Directors and management is market competitive while at the same time aligned to the achievement of strategic objectives and the creation of value for shareholders.

Where appropriate the Board has taken advice from independent remuneration consultants to ensure remuneration to Directors and management is in line with the market and similar sized operations.

Recommendation

The Board unanimously recommends that shareholders vote in favour of Resolutions 3 and 4.

5. Resolution 5 – Approval of issue of Shares

Environmental Clean Technologies proposes to enter into a Joint Venture Agreement with Tincom Australia Pty Ltd and Victoria Coldry Pty Ltd (**Victoria Coldry**) for the purpose of establishing an incorporated joint venture to undertake a feasibility study and, if successful progress to phased construction and commercial operation, of a Coldry Plant and the manufacturing and exporting of Coldry Products. The joint venture will be conducted through the joint venture vehicle, Victoria Coldry Pty Ltd..

As a condition precedent to the obligations of the parties under the Joint Venture Agreement, Tincom Australia Pty Ltd must deposit \$1,500,000 into a bank account in the name of Victoria Coldry to enable the joint venture to meet its initial payments under the feasibility study.

In consideration for Victoria Coldry agreeing to the assignment of its rights, title and interests in all improvements made to the Coldly Technology to ECT during the joint venture period (pursuant to the Coldry Technology Licence Agreement between Victoria Coldry and ECT), ECT has agreed to issue 28,846,154 fully paid ordinary shares to Victoria Coldry after the conditions precedent in the Joint Venutre Agreement have been satisfied.

It is expected that the Joint Venture Agreement will be executed by 31 December 2010 and the conditions precedent satisfied shortly thereafter.

ASX Listing Rule 7.1

Subject to a number of exceptions, ASX Listing Rule 7.1 limits the number of securities that a company may issue or agree to issue without shareholder approval in any 12 month period to 15% of its issued securities.

Shareholder approval for the issue of the issue of the 28,846,154 new Shares to Victoria Coldry is sought so that these shares will be excluded from the calculation of the 15% limit under ASX Listing Rule 7.1.

Information required for shareholder approval

In accordance with ASX Listing Rule 7.3, the following information is provided for shareholders:

- 1. The total number of Shares that will be issued with shareholder approval under Resolution 5 will be 28,846,154 Shares.
- 2. The 28,846,154 new Shares will be issued as soon as the conditions precedent under the proposed Joint Venture Agreement have been satisfied.. If the conditions precedent under the proposed Joint Venture Agreement are not satisfied on or before 26 February 2011, any shareholder approval obtained under this Resolution 5 will lapse in accordance with ASX Listing Rule 7.3.2. Accordingly, if these Shares are issued after 26th February 2011, they will be included in the 15% limit unless a subsequent shareholder approval is granted.
- 3. The Shares will be issued as consideration for the assignment of Victoria Coldry's rights, title and interests in the improvements discussed above.
- 4. The allottee of the Shares will be Victoria Coldry Pty Ltd.

www.ectltd.com.au Page 9 of 16

- 5. The Shares to be issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares.
- 6. The no cash will be raised by the issue of the Shares to Victoria Coldry Pty Ltd.

Recommendation

The Board unanimously recommends that shareholders vote in favour of the Resolution.

6. Resolution 6 – Approval of issue of Convertible Notes

The Company is currently negotiating a financing arrangement with La Jolla Cove Investors, Inc. (La Jolla) which is expected to be implemented during October 2010. Under the agreement governing the financing arrangement (Funding Agreement), the Company will issue a series of Convertible Notes to La Jolla with a total issue price of up to US\$2,500,000.

Convertible notes are "equity securities" for the purpose of ASX Listing Rule 7.1 and the conversion mechanism proposed for the Convertible Notes means that their issue may exceed the 15% limit in ASX Listing Rule 7.1. However, this limit does not apply to an issue that is made within 3 months after receipt of approval by shareholders and, accordingly, the Company is seeking shareholder approval for the issue of the Convertible Notes that are issued on or before 27 February 2001. Convertible Notes issued after that time will need to be subject to separate approval or counted towards the 15% limit.

The proposed arrangements with La Jolla are expected to result in a total capital raising over a six to nine month period of US\$2,500,000 (exclusive of costs and fees payable to La Jolla and the Company's corporate advisers).

ASX Listing Rule 7.1 – issue of Convertible Notes

Subject to a number of exceptions, ASX Listing Rule 7.1 limits the number of equity securities that a company may issue or agree to issue without shareholder approval in any 12 month period to 15% of its issued securities. Shareholder approval is required for the issue of Convertible Notes under ASX Listing Rule 7.1 if the number of Shares into which the Convertible Notes may be converted exceed this limit (which is likely to be the case).

ASX Listing Rule 7.2 – issue of Shares on conversion of Convertible Notes

ASX Listing Rule 7.2, Exception 4 provides that the 15% limit in ASX Listing Rule 7.1 does not apply to an issue of securities on conversion of a convertible security issued in accordance with the Listing Rules. As result, any Shares issued to La Jolla on conversion of any Convertible Note issued within 3 months after receipt of shareholder approval under Resolution 6 will not count towards the Company's 15% cap.

Issue and payment

Under the Funding Agreement, the Company will issue Convertible Notes to La Jolla progressively on receipt of payments towards the US\$2,500,000 aggregate issue price of the Convertible Notes.

La Jolla will apply and pay for, and the Company will issue, Convertible Notes as follows:

- Convertible Notes with a face value of US\$400,000, within 2 Business Days after execution of the Funding Agreement (which is expected to occur in late October);
- Convertible Notes with a face value of US\$400,000 on or about 27 November 2010; and thereafter
- Convertible Notes with a minimum face value of US\$250,000 each month until the entire aggregate issue price of US\$2,500,000 is fully subscribed.

Page 10 of 16 www.ectltd.com.au

Conversion Arrangements

Subject to ASX Listing Rule 7.1 and 7.2, La Jolla may convert some or all of the Convertible Notes (either in whole or in part) at any time.

The conversion price will be the lesser of:

- a) A\$0.20; and
- b) 80% of the average of the three lowest VWAP (Volume Weighted Average Price) during the 15 trading days prior to the election to convert.

For example, if the average of the three lowest VWAP during the 15 trading days prior to the election to convert was 2.5 cents, and La Jolla elected to convert US\$100,000 worth of Convertible Notes, the Company would issue 4,000,000 Shares.

Currency Conversion

Each Convertible Note will be issued in USD but all conversions of the Convertible Notes into ordinary shares in the Company will be made in AUD based on the actual AUD amount received by the Company in its bank account by the payment of the various issue prices for the Convertible Notes by La Jolla.

Information required for shareholder approval

In accordance with ASX Listing Rule 7.3, the following information is provided to shareholders:

- 1. The maximum number of shares into which the Convertible Notes may be converted is the number determined by applying the formula set out above to the aggregate issue price of the Convertible Notes of US\$2,500,000. [At the current trading price of 2.5 cents the Company would issue 100 million Shares.]
- 2. The approval sought under this Resolution 6 will only relate to Convertible Notes issued by the Company to La Jolla and paid for by La Jolla prior to 3 months after shareholder approval (26 February 2011). As noted above, the Convertible Notes will be issued to La Jolla progressively on receipt of payments comprising the US\$2,500,000 aggregate issue price of the Convertible Notes.
- 3. The Convertible Notes will be issued by an initial subscription of US\$400,000, an additional subscription of US\$400,000 in the month following the initial subscription and thereafter by minimum subscriptions of US\$250,000 per month, until the entire aggregate issue price of US\$2,500,000 is fully subscribed.
- 4. The allottee of the Convertible Notes will be La Jolla. The Shares issued on conversion of the Convertible Note will be issued to La Jolla or a person nominated by La Jolla.
- 5. The terms of the Convertible Note will be as follows:
 - (1) The Convertible Notes will be issued progressively as described above.
 - (2) The \$2,500,000 issue price of the Convertible Notes will be paid progressively as described above.
 - (3) No interest will be charged on the Convertible Notes unless the market price of Shares is below \$0.02 per Share, in which case interest will accrue at 4.75% per annum, payable monthly on the outstanding funded and non-converted Convertible Notes. Interest is payable either in cash or by the issue of new Shares (at the Company's option).

www.ectltd.com.au Page 11 of 16

- (4) The maturity date of the Convertible Notes will be three years after the date of their issue. On maturity the unconverted balance of the Convertible Notes must be repaid.
- (5) The Convertible Notes will include a "floor price" of \$0.02 per Share. If Shares are trading on the ASX at or the floor price at the time as the La Jolla seeks to convert all or a portion of the Convertible Notes, the Company may elect to refuse such conversion in exchange for the redemption of the portion of the Convertible Notes that the La Jolla sought to convert.
- (6) The number of Shares into which the Convertible Notes may be converted will be equal to the dollar amount being converted divided by the Conversion Price. The "Conversion Price" will be equal to the lesser of: (a) the "ceiling price" of \$0.20 and (b) 80% of the average of the three lowest VWAP (Volume Weighted Average Price) during the 15 trading days prior to the election to convert.
- (7) The Company may terminate the financing arrangements if the trading price of Shares falls below 1 cent for a period of at least 10 consecutive trading days. If the Company terminates the financing arrangements on this basis, La Jolla will not pay any outstanding amount of the aggregate issue price and will only be entitled to convert so much of the Convertible Notes as has been issued by the Company as at the date of termination.
- The funds raised by the issue of the Convertible Notes will be used for:
 - further commercialisation of the Company's Coldry technology, including ongoing feasibility studies and design work for a demonstration plant;
 - (2) further development of the Matmor technology; and
 - (3) on-going working capital requirements.

Recommendation

The Board unanimously recommends that shareholders vote in favour of the Resolution.

7. Resolution 7 - Ratification of prior issue of Shares

Subject to a number of exceptions, ASX Listing Rule 7.1 limits the number of securities that a company may issue or agree to issue without shareholder approval in any 12 month period to 15% of its issued securities.

ASX Listing Rule 7.4 sets out an exception to ASX Listing Rule 7.1. It provides that where a company in general meeting ratifies the previous issue of securities made pursuant to ASX Listing Rule 7.1 (and provided that the previous issue did not breach ASX Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1.

(a) Issue of securities in 12 months to 15 October 2010

In the twelve month period to 15th October 2010 there were a number of issues of new securities in the Company. In total 160,823,888 new Shares and 30,000,000 new Options were issued.

(b) Issue not requiring ratification for the purposes ASX Listing Rule 7.4

Page 12 of 16 www.ectltd.com.au

The issue of the 82,143,900 new Shares are therefore exempt from the 15% limit under ASX Listing Rule 7.1 by virtue of ASX Listing Rule 7.2, Exception 4 which allows for the conversion of convertible securities which were issued in compliance with the ASX Listing Rules.

In addition, 15,194,695 new Shares were issued as the result of the exercise of 15,194,695 Options. The issue of these new Shares are also exempt from the 15% limit under ASX Listing 7.1 by virtue of ASX Listing Rule 7.2, Exception 4 which also allows for the conversion of options which were issued in compliance with the ASX Listing Rules. The underlying Options were issued with the approval of the holders of ordinary securities in the Company pursuant to ASX Listing Rule 7.1 or were subsequently ratified under ASX Listing Rule 7.4.

(c) Issues requiring ratification for the purposes ASX Listing Rule 7.4

- On 19 November 2009, the Company issued 2,500,000 new Shares at 4.0¢ per share to Intersuisse Pty Ltd in settlement of an arrangement fee payable by the Company to Intersuisse Pty Ltd for managing the rollover of maturing convertible notes.
- On 9 December 2009, the Company issued 60,000,000 new Shares at 4.4¢ per share and 30,000,000 Options at nil consideration per option by way of a private placement to institutional, experienced and sophisticated investors as detailed in Attachment 1.
